

CAT[®]

REAL MEN CHOOSE
CAT[®] FOOTWEAR

SSL
Southern Supplies Ltd.

Get ready to find your most important work tool, **your shoe.**

Your feet know your feet are worth a lot, choose serious protection. CAT® footwear is known for durability and major security features, plus serious comfort.

Your CAT® footwear becomes a seamless extension of your body to never slow you down.

This is real work, and real men choose CAT® footwear.

CAT® footwear is known for:

» **DURABLE PROTECTION**

Made with dual forged construction. Boots are cemented and stitched around twice for extreme durability.

» **SRX EXTREME SLIP RESISTANCE**

Stay on your feet. A compound has been added to durable rubber outsoles to give best-in-class slip resistance.

» **FLEXION TECHNOLOGY**

Engineered to be hard at work, easy on you. Boots that flex for bending, turning, climbing and bracing, not just walking.

» **SHOCK ABSORPTION**

A heel impact zone that absorbs 25% more shock than industry standards, and returns energy back to your body as you move.

» **PREMIER COMFORT TECHNOLOGY: ERGO**

Designed around the anatomy of your foot with a contoured foot bed, arch support, ankle pods, and flex notch at the back for less blisters, less heat and less foot fatigue. It's a foot glove.

No man is the same, no job is the same, but with the wide variety offered by CAT® footwear, there's a perfect fit for you.
