COMPANY PROFILE

Hydraulic Supplies Limited (HSL) is a distributor of Hydraulic and Industrial Hoses and Fittings, Pumps and Cylinders, Undercarriage Parts and Hydraulic Equipment and Machinery, plus more.

At HSL we strive to maintain our position in the market as an affordable, reliable full service company. Whether you're in need of repairing that critical supply hose for your equipment, need a pump and ram to access for equipment repairs or are you just looking to replace a crane, we have you covered!

No job is too small or large and we understand the cost equipment down time incurs and the need to have it up and running. Our staffs consist of individuals who know what you want, and they'll go out of their way to make sure you get it, and at a good price. HSL has been satisfying our customer's with pride for many years with experience, dedication, and excellence in customer service.

It is our company policy to conduct out business in a manner that gives full attention to providing the best service to our customer's and also giving courteous and efficient service on which you can depend on.

Strategically located in the southern region of Trinidad, HSL provides Hydraulic and Industrial fluid transfer products to a variety of end users who place their trust in our hands and the reputable manufacturers we represent. Over the years we have fostered deep relationships with our customers and suppliers, we are known for quality products at cheap and affordable prices. Manufacturers such as Terex, Palfinger, Enerpac, Alfagomma, Fleetguard, Ingersol Rand, Dixon Valve and Coupling, to name a few, have placed their trust in us to represent them and the full line of items they offer.

HYDRAULIC & INDUSTRIAL HOSES

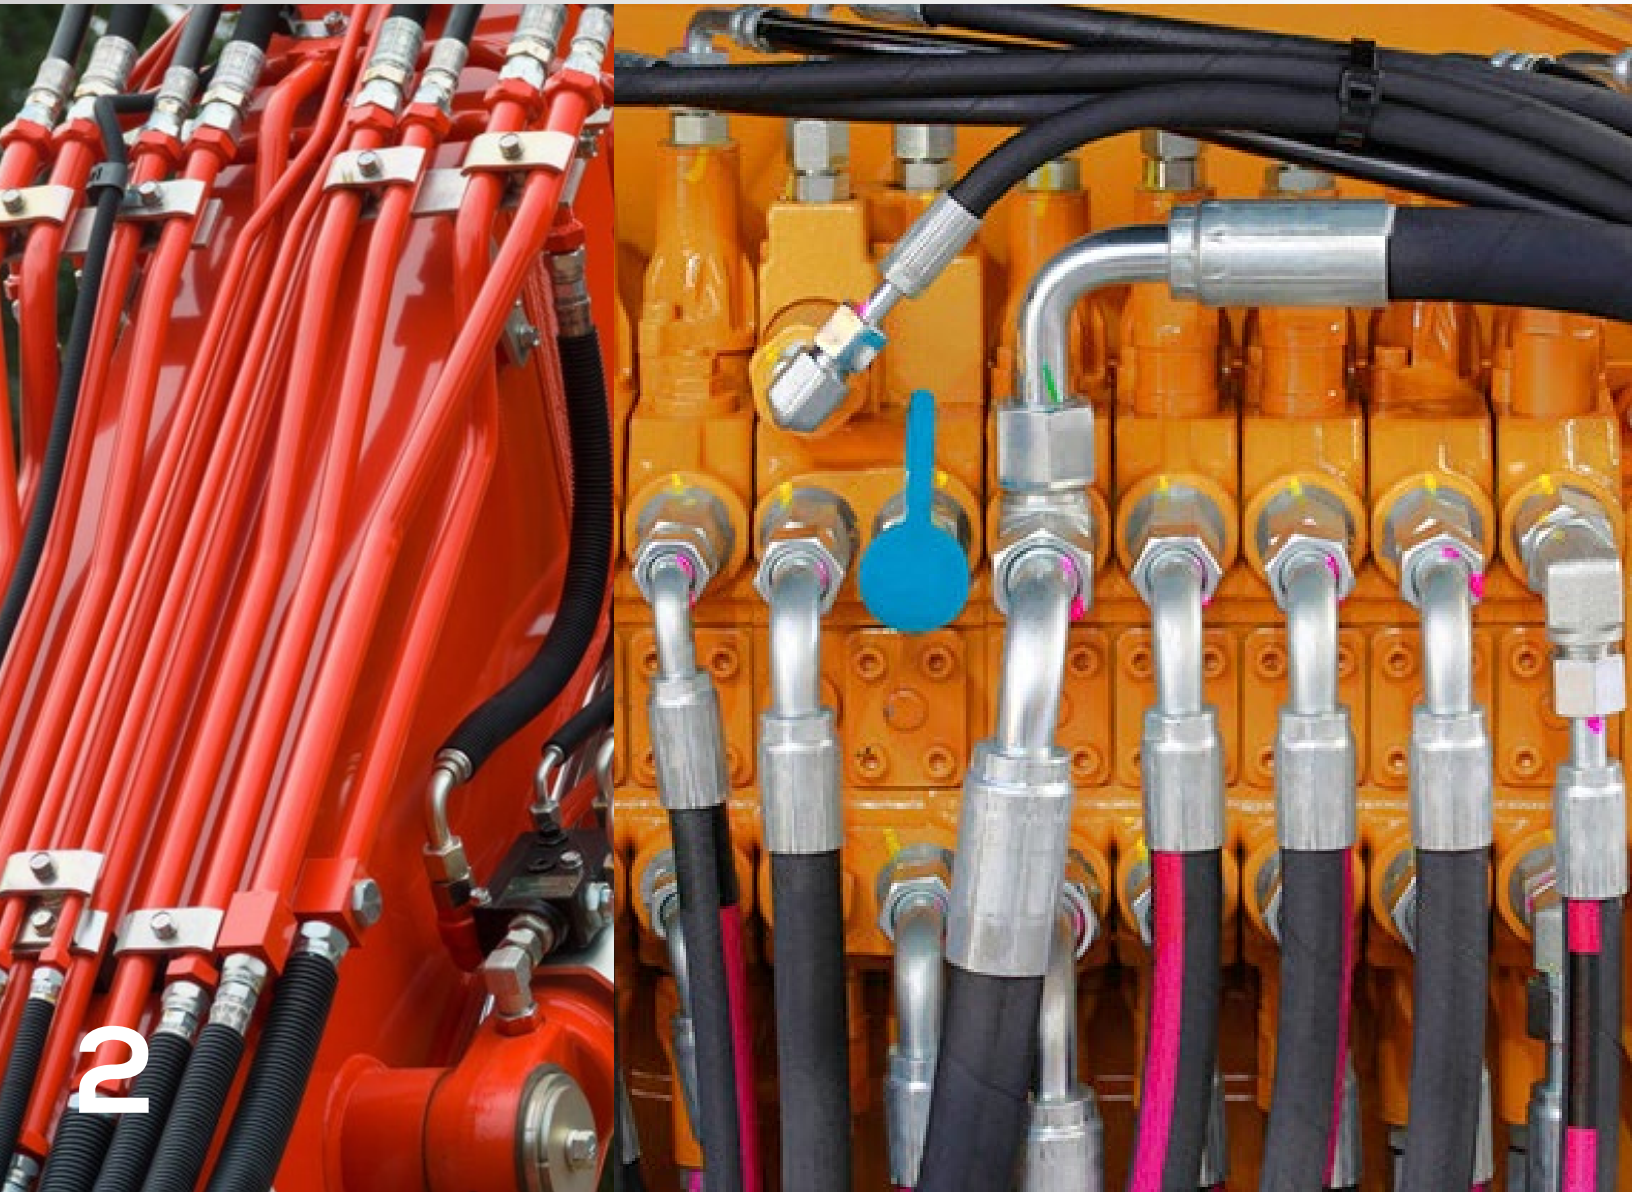

Standard rubber and thermoplastic hose range compliant with international standards.

Special proprietary range exceeding international standards pressure, impulse, bend radius, abrasion and temperature requirements.

- Textile Braid Hose: from 6 mm to 51 mm
- Wire Braid Hose: from 5 mm to 102 mm
- Wire Spiral Hose: from 6 mm to 76 mm
- Thermoplastic Hose: from 2 mm to 25 mm
- PTFE Hose: from 5 mm to 51 mm

HSL's Industrial Hoses include the below :-

- Polythene Chemical S&D
- PVC Food delivery/ Liquid Food S&D
- Rubber Air
- Rubber Concrete
- Rubber Fuel- Oil Discharge
- Rubber Radiator
- Rubber multipurpose
- Rubber Sandblasting
- Soft Wall Rig Water

HYDRAULIC & INDUSTRIAL FITTINGS
